

RESOURCE MOBILIZATION POLICY

New Prince Shri Bhavani college of Engineering and Technology has a well versed financial management in its place. The resource mobilization policy ensures transparency and accountability in achieving the goals and targets. Nearly 65% of the seats are filled through Tamil Nadu common admission conducted by Tamil Nadu state government and the remaining 35% of the seats are filled through management quota.

The core theme of the institution is to ensure the income rendered is spent optimally for the benefit of institution itself without any profit motto. Nearly 60% of the college budget is spent towards salary and remaining 40% is spent for numerous developments. A team of experts are always vigilant in planning and sanctioning the funds.

The financial resources of our institution are as follows

- Tuition fee
- Hostel fee
- Research grants
- Trust funds
- Alumni contribution

Our institution has a well-versed system for utilizing the financial resources. Funds are utilized for various processes as mentioned below.

- Payment of Salary for teaching and non-teaching staffs.
- Our institution predominantly focus on the students for their career development by facilitating them with completely furnished Class rooms, Smart class rooms, Advanced laboratories equipped with state of art equipment, Library & information Centre, College canteen with cafe, Internet Centre, transport facility etc.

- Periodically testing the lab equipment for accuracy and calibrating it if needed.
- Library maintenance which includes physical verification of books for updated version, renewal of subscription for journals, periodicals and magazines.
- Regular maintenance on Computers, Projectors and carrying out necessary updates and repair work.
- Maintenance of college bus on regular periodical service and attending the repairs as and when required.
- Updating computers with latest software products along with necessary licenses
- DC generators for providing 24x7 uninterrupted power supply maintenance. Program support education research projects that will contribute to the improvement of education.
- Private and government organized research programs conducted at state and national level.
- Last but not least we indulge ourselves in social activities like organizing free health check-up camps.
