Department of Electrical and Electronics Engineering

6. Discussion on Results

The discussion about the result was done to know about the slow learners. The necessary action was implemented by conducting remedial classes based on the university results

7. Department OBE

Outcome Based Education were reviewed and suggestions were made for the appropriate course delivery outcomes. Suggested changes were discussed to be implemented.

8. Academic industry interaction

Interaction with the industries enhances students' exposure to the outside world. Hence academy Industry Interaction suggestions were reviewed so there is more involvement with industry and the Institution.

9. Professional Societies and Technical Association

The faculty and students were advised to be the members of various professional societies like ISTE, IEEE, IAENG, IEI, SAE and CSI to provide quality training programs. Implement suggested changes.

10. Faculty and Student Motivation

The discussion was made and the activities were listed to motivate the students and Staff. Implement the activities to motivate the students and staff.

11. Analysis of training and placement

Variety of programs and activities to enhance students' employability and ensure successful placement outcomes. Some of the initiatives that could be implemented were discussed. Importance of soft skills and personality development training were discussed and planned.

12. Highlights of Research and Development Activities

Various research activities like Paper presentations and Journal work of Faculty members were initiated. They were encouraged to publish papers and patents.

13. Project Review Committee

The procedure of conducting projects of the forthcoming semester was formulated by the project review committee. This committee is being formed by senior faculty members of the department.

14. Action required for continuous improvement

Faculty members were allotted for a group of students as a part of mentor mentee process. Counseling plays an important role in grooming the students. So Counseling of students has to be done by the mentors periodically and reports to have to be updated. The method of teaching learning process for the forthcoming semester was discussed by HOD with the committee members.

15. Curriculum Gap Identification

Based on the suggestions from faculty members and the discussion of course syllabus and feedback from faculty members, curriculum gaps were identified. For these curriculum gaps guest lectures, workshops, seminars, industrial visits and internships were tentatively fixed.

16. Student participation in ExtraCurricular Activities

Various competitions and events like symposiums of other colleges are being instructed by the mentors to the students for participation. This improves their co-curricular and extra-curricular activities which enhances the overall improvement of the students.

17. Discipline Related Activities

The department has a senior faculty involved in different cells. The cells like Anti sexual harassment cell, anti-ragging cells are there in college which functions for the safety of students. Frequent visits will be made by HOD to ensure a strict discipline in the department.
